BENEFITS

Neutrogena Hydro Boost Water Cream with hyaluronic acid replenishes vital water content within skin's surface for more resilient, glowing skin. Ideal for dry, sensitive, and acne-prone skin, this face cream from a dermatologist-recommended skin care brand instantly delivers 9x more hydration compared to untreated skin. The lightweight face moisturizer is formulated with hyaluronic acid, dermatologist-recommended hydrator that binds to water and hold it within the skin's surface, plus Natural Moisturizing Factors, including amino acids and electrolytes, and essential lipids to hydrate and help smooth skin's surface. The velvety cream is clinically proven to hydrate skin for 72 hours, leaves skin feeling plump and glowing in two weeks and more resilient in four weeks. The daily face moisturizer is free of fragrance, dyes, parabens, phthalates, and non-comedogenic, so it won't clog pores. To use as part of your skin care routine, apply the hydrating cream to face and neck after cleansing.
